## Conference to bring nanoHUB community together

flag

nanoHUB's first ever user conference will bring together users from research, education, and industry to network and learn from each other, as well as from the nanoHUB team.

Learn how experienced users integrate nanoHUB into their research and classrooms, discuss topics of interest in a

variety of panel sessions, see how nanoHUB is being used in projects at the poster session, and learn how to apply what you hear through a series of "how-to" talks.

**April 9-11, 2014**

**Sheraton Phoenix Airport Hotel Tempe**
